

HOME LEARNING PROGRAM

Term Three Week 8

Grade 1/2 R

Dear Parents, Guardians and Students,

Welcome to another week of remote learning. Everyone has been doing a fantastic job with completing the required work. Keep up the amazing work!

This week for writing we will be continuing to work on persuasive texts. We will be writing a persuasive text with a topic of choice. Writing will have a lesson posted each day and we will further discuss the topic on Monday morning Webex meeting to help with ideas for the writing task. Be sure to join into the conversation and watch the video so you have a better understanding of what you are required to do.

Reading groups will continue to follow the same format as students are doing a fantastic job working through this. Each reading group will have a guided reading session once a week and reading template is to be followed to see what is required to be done each day.

Maths this week we are focusing on subtraction (difference between). On Tuesday we will have a calendar lesson as it is the first day of the month. Be sure to tune into maths lessons and have a go at the daily warm up and problem solving questions.

Earth and Space Science this week we are focusing on what else is out there. We will have a discussion about this on Webex on Wednesday morning.

We also have Father's Day coming up on the weekend. I have put some activities to do on Friday but of course if you have other ideas you are welcome to do them. I hope all the fathers and special males have a fantastic day on Sunday.

Hope you have a great week.

Chloe Reither.
