KOONDROOK PRIMARY SCHOOL

CONSENT FORM - HEAD LICE INSPECTIONS

Throughout the year, the school will be arranging head lice inspections of students.

The management of head lice infestation works best when all children are involved in our screening program.

The school is aware that this can be a sensitive issue and is committed to maintaining student confidentiality and avoiding stigmatisation.

Before any inspections are conducted staff will explain to all students what is being done and why, and it will be emphasised to students that the presence of head lice in their hair does not mean that their hair is less clean or well kept than anyone else's. It will also be pointed out that head lice can be itchy and annoying and if you know you have got them, you can do something about it.

The inspection of students will be conducted by parent volunteers trained by the local council.

The person conducting the inspections will physically search through each student's hair to see if any lice or eggs are present.

In cases where head lice are found, the person inspecting the student will inform the student's class teacher and the principal. The school will send a written notice home with the child and provide parents with comprehensive advice about the use of safe treatment practices which do not place children's health at risk.

Please note that the law requires that where a child has head lice, that child should not return to school until appropriate treatment has commenced.

Some Helpful Information

Child Safe Standards

Ministerial Order No. 870 sets out the specific action that schools need to take to meet the child safe standards. The introduction of child safe standards form part of the Victorian Government's response to the recommendations of the Betrayal of Trust report, which found that more must be done to prevent and respond to child abuse in schools.

The standards will promote cultures where protecting children from abuse is part of everyday thinking and practice in organisations.

The Child Safe Standards set out to create safe places for children to fully and actively participate in the life of the community benefiting everyone. Koondrook Primary School will ensure that the children in its care are protected to the best of its ability and in line with their duty of care and the compulsory child safe standards.

The Standards

To create and maintain a child safe school, we will comply with the following standards:

Standard 1 – Good leadership and governance in child safe school – strategies to embed a school culture of child safety, including through effective leadership arrangements

Standard 2 – Commitment to Child Safe Policy – a child safe statement of commitment to child safety

Standard 3 – Code of Conduct – a code of conduct that establishes clear expectations for appropriate behaviour with children

Standard 4 – Human Resources Practices – screening, supervision, training and other human resources practices that reduce the risk of child abuse by new and existing personnel

Standard 5 – Reporting Child Abuse – processes for responding to and reporting suspected child abuse

Standard 6 – Identifying and Reducing Risks – strategies to identify and reduce or remove risks of child abuse

Standard 7 – Empowering Children – strategies to promote the participation and empowerment of children

In complying with the child safe standards above, we will be mindful of the diversity of students and school communities and include the following inclusion principles as part of each standard:

- Promoting the cultural safety of Aboriginal children.
- Promoting the cultural safety of children from culturally and/or linguistically diverse backgrounds.
- Promoting the safety of children with a disability.

How we teach School Wide Positive Behaviours at Koondrook Primary School

Introducing, modelling and reinforcing positive social behaviour is an important step in a child's educational experience. Explicitly teaching our behavioural expectations and acknowledging students for demonstrating them is a key to our success. The teaching of expected behaviours is ongoing so as to achieve and maintain fluency.

Instructional Practices to support SWPBS:

- Tell – introduce the expected behaviours and discuss why it is important
- Show – demonstrate and model expected behaviours
- Practice – role play expected behaviours in relevant contexts
- Monitor – pre-correct, supervise and provide positive feedback.
- Reteach – practice throughout the day.

Curriculum

At Koondrook Primary School we are constantly striving to plan and deliver curriculum that will be beneficial to student learning. Our school provides sequentially developed programs, which follow the Department of Education guidelines as set out in the Victorian Curriculum.

The Victorian Curriculum sets out what every student should learn during their first eleven years of schooling. The curriculum is the common set of knowledge and skills required by students for life-long learning, social development and active and informed citizenship.

Generally, all subjects are incorporated across units of work planned by teams of teachers over the course of the year. Digital technologies are integrated into each classroom, with the aim of ensuring that students acquire skills with iPads and the use of multi-media technology. Students from Prep- Year 6 have access to iPads and the Year 3-6 students also have access to MacBook Computers.

Koondrook Primary School takes pride in the Curriculum Programs they provide. Literacy is a priority area with two hours of each day dedicated to the development of literacy skills. These skills include: comprehending texts through listening, reading and viewing; and composing texts through speaking, writing and creating. Koondrook Primary School follows the 6 Traits of Writing and SMART Spelling. Mathematics is also a priority area at our school. Students are immersed in a daily 60-minute, whole school approach dedicated to numeracy development each day following the Top 10 Maths Program.

Classroom Volunteers

Many parents like to offer their services to assist teachers in classrooms. This may mean working in the classroom with their child or assisting in another classroom. Assistance often involves listening to children read, but the interest and skills of the volunteer are a guide to the various contributions that can be made. It is widely acknowledged that children learn better when their parents are involved positively in the school. There are many ways in which you may assist your child and the school and we encourage you to share your talents with the school.

Parent Helpers

Parents encouraged to become actively involved in the school. We appreciate every contribution that our community members make and hope to see some form of involvement – no matter how great or small by every family at some time.

Working with Children Check

The Working with Children Check is a minimum checking standard set by the Working with children Act 2005 for those who work with children. To be a volunteer at the School a Working with Children Card provided by the Department of Justice is required. The card is valid for 5 years & free of charge for volunteers. The process for gaining a working with children check is quite simple and free for all volunteers and can be done online.
